CELEBRATING CULTURE WITH SENIORS IN A MULTICULTURAL AUSTRALIA

AfCAS cordially invites you to enjoy Kavisha Mazzella's AMAZING VOICE, MUSIC and STORIES of our ancestors.

"As a migrant to Australia, being of Italian heritage with my father being from the island of Ischia, Italy and my mother being from Rangoon Burma it was hard growing up in Australia to know where I fitted in.

Once I discovered Italian folk music and fell in love with the beauty of Italian music, I felt I moved closer to being at peace in myself as the music spoke deeply to my soul. Little did I know that meeting the wonderful women at the Amicizia Club in Fremantle back in 1989 and forming a choir and singing with them would lead me on this wonderful life journey of creativity through Italian folk song and community."
